About Shure

Shure (www.shure.com) has been making people sound extraordinary for nearly a century. Founded in 1925, the Company is a leading global manufacturer of audio equipment known for quality, performance, and durability. We make microphones, wireless microphone systems, in-ear monitors, earphones and headphones, conferencing systems, and more. For critical listening, or high-stakes moments on stage, in the studio, and from the meeting room, you can always rely on Shure.

Shure Incorporated is headquartered in Niles, Illinois, in the United States. We have nearly 40 manufacturing facilities and regional sales offices throughout the Americas, EMEA, and Asia.

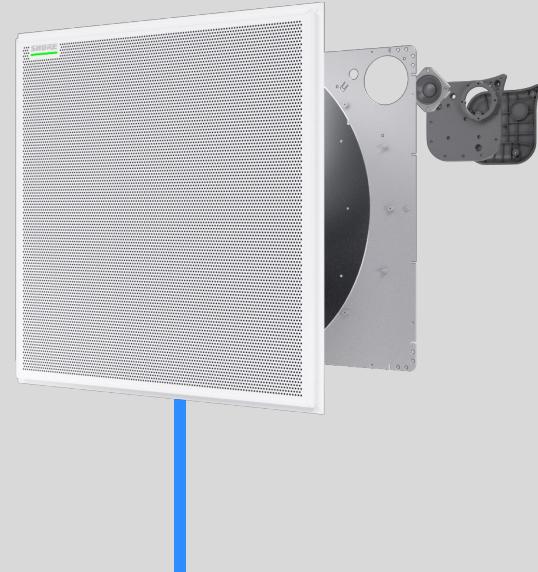

Certified Bundle

zoom

Certified

- **[MXA902 Integrated Conference Ceiling Array \(FW v5.0.115 or later\)](#)**

- The Microflex Advance MXA902 is a complete ceiling-mounted audio solution for AV conferencing, ideal for delivering premium audio capture and reproduction for small to medium-sized meeting spaces-all with virtually no setup required. The MXA902 combines a state-of-the-art array microphone for enhanced directional voice capture with an integrated wide-dispersion loudspeaker for natural sounding far end speech reproduction in a single unit, for **the ultimate blend of superior sound quality and streamlined deployment.**

- **[ANIUSB-MATRIX USB Audio Network Interface with Matrix Mixing](#)**

(v4.4.14 or later)

- ANIUSB-MATRIX audio network interface connects up to 4 Dante channels and 1 analog output to a room's audio and video conferencing system via USB connection. Internal matrix mixer offers flexible routing, allowing users to route any input to any output.
